IH 35E: From IH 635 to President George Bush Turnpike

Ms. Janice Brown
 Division Administrator
 Federal Highway Administration
 Austin, Texas 78701

Dear Ms. Brown:

Attached are four copies of replacement pages for the IH 35E project located in Dallas County. The District revised the document to address FHWA review comments received by mail dated August 5, 2011. A comment and response report is attached.

At this time, we request your concurrence that this project is Satisfactory for Further Processing. Upon your approval, the District will proceed with the public involvement phase of the environmental process. As discussed during the June 30, 2011 conference call, the Dallas district will submit a technical report to address the transition between the two metropolitan transportation plans. If the technical report can not show consistency of the project with the new plan then the public hearing will be canceled.

If you have any questions, please contact me at (512) 416-2547.

Sincerely,

Lindsey Kimmitt
 Project Delivery Section
 Environmental Affairs Division
